ALEXANDRIA UNIT MEETS — McCONNELL NAMED PRESIDENT

ALEXANDRIA UNIT ELECTS OFFICERS

Alumni of Alexandria met on September 24 and named the following officers to serve for the year: John L. McConnell, president (pictured above, center); Dr. Kerwin Donaldson (left), vice-president; and Miss Peggy Sandefur (right), secretary-treasurer.

Seated at the head table are President John S. Kyser, Secretary Leroy Miller, and Dean Sylvan W. Nelken. Alumni President A. G. Alexander, Jr., is leaning over the shoulder of Secretary Miller, putting the "bite" on him for the dinner fee. Thomas Hennigan also made the trip and made the pictures of the occasion. Standing is the newly elected president, John L. McConnell.

DIAMOND JUBILEE YEAR STARTS WITH HOMECOMING NOVEMBER 8

The 1958-1959 session will feature the 75th anniversary or Diamond Jubilee Year of the founding of the College (1884). A number of formal programs will be featured throughout the year with HOMECOMING being the initial get-together on the campus.

All the classes of years ending in 8 will be honor classes, with particular honors going to the Classes of 1908 and 1933, graduates of fifty and twenty-five years ago.

All alumni are urged to come and spend the day. Come early and enjoy coffee and meeting old friends at Varnado Hall. Watch the parade which promises to be the best we have had, and that is saying a lot. Dine with us at the Alumni Luncheon and then enjoy the football game with the Bulldogs of Southwestern of Lafayette. Visit the new buildings you have not seen on the campus, drive over the new streets, see our parking lots.

The WELCOME mat is out, and it has been placed there by the administration, the staff, the faculty, and the students—all of whom will give you a happy greeting and do everything possible to make your visit "back home" the most enjoyable you have ever had. We WANT you, We NEED you. We are EXPECTING you. YOU-ALL COME!

ALEXANDER PROPOSES CHANGE IN CHARTER

Proposed amendment of Article IV and Article VIII of the Articles of Incorporation of Northwestern State College of Louisiana Alumni Association.

ARTICLE IV — Membership. Section 1. The members of this Association shall be of two classes. (a) Regular members: The regular membership shall consist of all whose names are now on the roll of graduates of the Northwestern State College of Louisiana (successor to the Louisiana State Normal School and the Louisiana State Normal College) and all whose names shall hereafter be added to that roll, and all those who have attended this institution as bona fide students, and the member of the senior class who shall have been elected on the Board of Directors of the Association. (No change from original charter.) (b) Voting members: *The voting membership shall consist of any of the regular members whether they have paid life membership fees or not and who pay the annual dues as provided by the by-laws.* (Proposed change)

ARTICLE VIII. The charter may be amended by a vote of two-thirds of the voting members present at a regular meeting of the membership after thirty (30) days notice of said proposed amendment shall have been mailed to each member of the Association at his last known address, or shall have been published in full in the official journal of the Association, in an issue that shall appear thirty (30) days or more before the date of the meeting at which such amendment shall be voted upon.

STATED BRIEFLY, THE PROPOSAL ABOVE would eliminate life memberships and take away the right to vote from all alumni, including LIFE MEMBERS, until such members have paid the proposed dues.

Mr. Alexander has asked that

TOLAR DRIVES 27 YARDS FOR TD ON WILDCATS

DEMONS WIN OPENER—LOSE TO McNEESE AND LOUISIANA COLLEGE

The East Central Oklahoma Tigers could amass a total of only 157 yards on offense as the Demons piled up 460 yards to defeat them 36-0. Conrad of Mangham made the first score on a 10-yard jaunt around end. Tolar carried over for the extra 2 points. Conrad scored again on a 17-yard run in the second quarter to end the scoring in the first half.

Hoffpauir unlimbered a 61-yard pass to Booth as the second half got under way. Tolar again made the two extra points.

Don Deen and Emmett Eddy scored for the Demons, and Ronnie Kincer, tackle, made two points as he dropped McKay in the end zone for a safety.

Action of the first and second team was limited as the third team and substitutes saw plenty of action in this game.

The Lamar Tech game at Beaumont was flooded out; hence the Demons lost valuable game experience, a lack which definitely showed up as McNeese routed the Demons 25-8 in the game at Lake Charles.

Showing a great deal of improvement, the Demons fought the Wildcats of Louisiana College (who boast the greatest team they have had in years) to an even break, but failed to get either of the extra points needed. The Wildcats won 13-12.

With an open date following the Louisiana College game, the Demons will have two weeks to get ready for their annual classic with Louisiana Tech. They will be rated a definite underdog for the Louisiana Tech Bulldogs at the State Fair in Shreveport, October 18. Tech defeated McNeese 17-0. The comparative scores, on paper, make the Demons a 34-point underdog.

Regardless of statistics, however, the Tech game will be a battle of weight and power against a determined but light team of underdogs trying to upset the dope-bucket.

ALEXANDER PROPOSES—

(Continued from page 1)

the following letter be printed.

Dear Alumnus:

This message is being sent to you in an effort to show my reasons for the proposed changes to the charter of the Northwestern State College Alumni Association. Suffice it to say, that these changes are being submitted to you with one purpose in mind and that is to enable the Alumni Association of our college to function in accordance with the objectives set down in our charter. The following Article III is taken directly from the Constitution of the Northwestern State College Alumni Association:

"ARTICLE III. The objects and purpose for which this corporation is established are declared to be to advance and strengthen the tie of affection and esteem formed in school days, and by organized effort to further the interest and improvement of the Northwestern State College of Louisiana and to found scholarships and other means of encouraging education, and to establish, maintain and administer loan funds for the assistance of worthy students of the Northwestern State College of Louisiana, and in all ways to further the interests of the students and alumni of said school; and to solicit, receive and use subscriptions and contributions for the promotion of all these ends."

There is no conceivable way that these ends can be attained

without operating capital on the local and state levels. Scholarships cannot be founded or other means of education encouraged without funds. Individuals that have been instrumental in activating local chapters have found it very expensive from a personal standpoint because of a lack of funds and virtually impossible to maintain the organization after formation because of a lack of funds. Individuals that have never taken part in such an organizational move cannot fully appreciate the dire need of a source of revenue for the new chapter.

This source of revenue would make it unnecessary for interested people to have to defray indebtedness and sundry incidental expenses from their own pockets and prevent them from becoming discouraged because of a lack of funds. Of course, these organizational meetings are just the beginning, but in the past we have been unable to get anything going because there was no money to operate on.

In essence, here are the changes that I am asking you to approve.

1. That the regular membership as set down in the charter which includes any graduate or former student and which requires no contribution of any sort, be changed to a regular, non-voting member. This member, even though no contribution of any kind had ever been made to the association, would still be entitled to the Alumni Columns and to attend the Homecoming banquet. The only privilege that this regular, non-voting member would not be entitled to would be the privilege of voting on business before the association.

2. That a voting membership be included which would require a \$3.00 per year payment for voting privileges. This \$3.00 would include both man and wife if both attended Northwestern and would constitute two votes. If only one member of a couple attended Northwestern, the \$3.00 would be, for one vote. Of course, both members of any couple would be entitled to all Alumni privileges with the exception of voting in the case of a non-attender.

Of the \$3.00 annual due, \$2.00 would go to the local chapter which collected it with the remaining \$1.00 going to the state association. I feel this arrangement would prove very advantageous since the local chapters would be encouraged to organize and function by this source of revenue and the state association would be stimulated to further extend itself

by virtue of the \$1.00 per member payment.

In encouraging the adoption of a regular annual due, by no means is the idea of fund raising through individual contributions overlooked for, in the final analysis, drives for such contributions will play an all important part in accomplishing various objectives.

My thought in reference to the annual dues is to give the local chapters enough money to organize and properly function so that they will be in a position to do whatever is necessary in accordance with their individual objectives in any fund raising they might see fit to initiate. The \$1.00 which would go to the state association would aid greatly in extension work and in financing newly organized chapters until there was sufficient time to raise money for their own sustenance.

I do not feel that there will be any real objection to the inclusion of this annual dues which will constitute voting rights in the association for, realistically, all the voting privilege has meant in the past was the right to vote for officers each year and whatever changes were made to our charter, so really the right to vote that we have all enjoyed in the past has been to no actual avail in accomplishing the objectives that we have in our charter. I feel, as I am sure you do, that if an organization is worth being a part of, it is worth paying a small annual dues to take part in the organization. If it is not worth the payment of an annual dues, then there is little that you can expect to accomplish.

I feel reasonably certain that we will have many more local units by virtue of this new source of revenue which will, in their entirety, eventually encompass the entire state and any interested Alumni. Until the time that a chapter is organized in a particular area where there are interested people, then the dues shall be paid to the state association.

It is my sincere belief that anyone really interested in the college and its future will have no qualms whatsoever in voting for the installation of this addition. And, of course, with the installation of this dues will not necessarily come a strong organization, but with the installation of this dues there will come a source of revenue which will give to the truly interested people over the entire state the means with which to organize and

maintain productive organizations.
You will be interested to know that already we have the concurrence of a majority of the Executive Committee on this proposition.

If there are any questions, please feel free to write me at 216 Beck Building in Shreveport, Louisiana.

Sincerely,
A. G. Alexander, Jr.

**MILLER SUBMITS
RESOLUTION**

The following resolution is submitted to the Alumni Association for their consideration at the meeting on November 8.

BE IT RESOLVED: *That the Alumni Association adopt a plan of annual giving for its members, that all alumni retain their voting privileges, and that Life Certificates be continued.*

This proposal makes no change in the Constitution or By-Laws. It **KEEPS FAITH** with the more than one thousand Life Members who were promised no dues would be collected from them. It will bring more funds into the treasury, **AND** it will permit local units to regulate their own dues on the basis of their own needs. In addition, it will permit **EVERY** alumnus to vote on all matters brought before the Association.

The greater portion of all funds in the Association were paid in by **LIFE MEMBERS**, not by regular members. Shall we take away their privilege to vote?

Common practice of alumni organizations throughout the nation is the abandonment of a dues program for a program of annual giving.

NOTE: If the amendment proposed by Mr. Alexander is adopted, it will automatically rule out any consideration of the above resolution.
